## ***Our Mission***

MCCS is dedicated to enrich the quality of life with Chinese heritage for our children by providing an opportunity in learning Chinese language while enhancing mutual multi-cultural understanding and diversity in our communities. We focus on the basic elements of language learning which are listening, speaking, reading, writing and appreciating. We also promote the development of our children into bilingual intellectuals to meet the future demands and challenges of the global society.

## ***Our Objectives***

- To develop Chinese language skill and experience Chinese culture to children growing up in the United States
- To motivate our students to understand and appreciate the richness and fruitfulness of Chinese culture
- To serve our community with education as a bridge to the mutual understandings among people in the multi-cultural environment
- To perpetuate the spirit of learning Chinese culture through generations
- To empower our young intellectuals to meet the global demands and challenges

## ***General Statements***

MCCS is a 100% non-profit organization. The board solely comprised of parent volunteers. Together with the help and support of our communities, our future generations will have an enriching environment to foster growth and learning. A community school formed and supported by a strong community.

## ***Language & Culture Classes***

We offer Chinese language classes in Cantonese and Pin-Yin (Mandarin) classes. Cantonese classes are offered between Kindergartens through 6th grade. Pin Yin classes are offered for higher grades students. This is an excellent way for Cantonese students to capture the fundamental Chinese leaning before transitioning to the Pin Yin Mandarin speaking skills.

Our culture classes vary with enrollment and the availability of specially trained instructors. In the previous years we had Kung Fu, mental math, arts, drawing and other classes.

## ***School Hours***

Saturday morning from 9:00 am to 11:30 am
